

## 60 CM Electric Hob

MKN54212X

### FEATURES

- Antal kogezone: 4 stk
- Keramisk kogeplade - strålingskogezone
- Fingertouch betjeningspanel
- Stålramme forrest og bagerst

#### Anti-Overflow System

Kogepladen er udstyret med et sikkerhedssystem for overkogning. Hvis noget koger over, og der kommer spild på kontrolpanelet, vil systemet standse strømforbindelsen og slukke pladen. "E"-advarslen vil blive vist på displayet.

#### Over-Heat Safety System

Kogepladen er udstyret med sensorer, der beskytter mod overophedning. Når sensorerne opfanger overophedning, vil de automatisk skrue ned for den gældende kogezone.

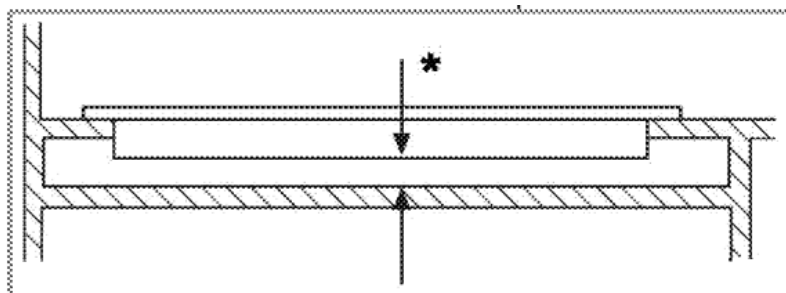

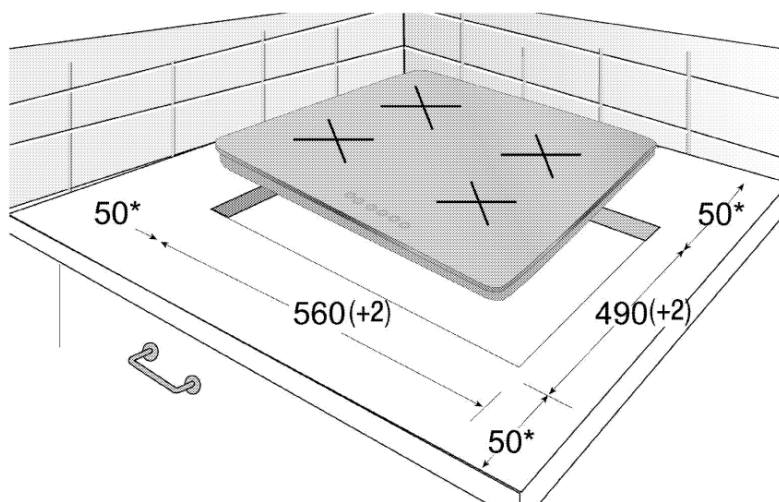

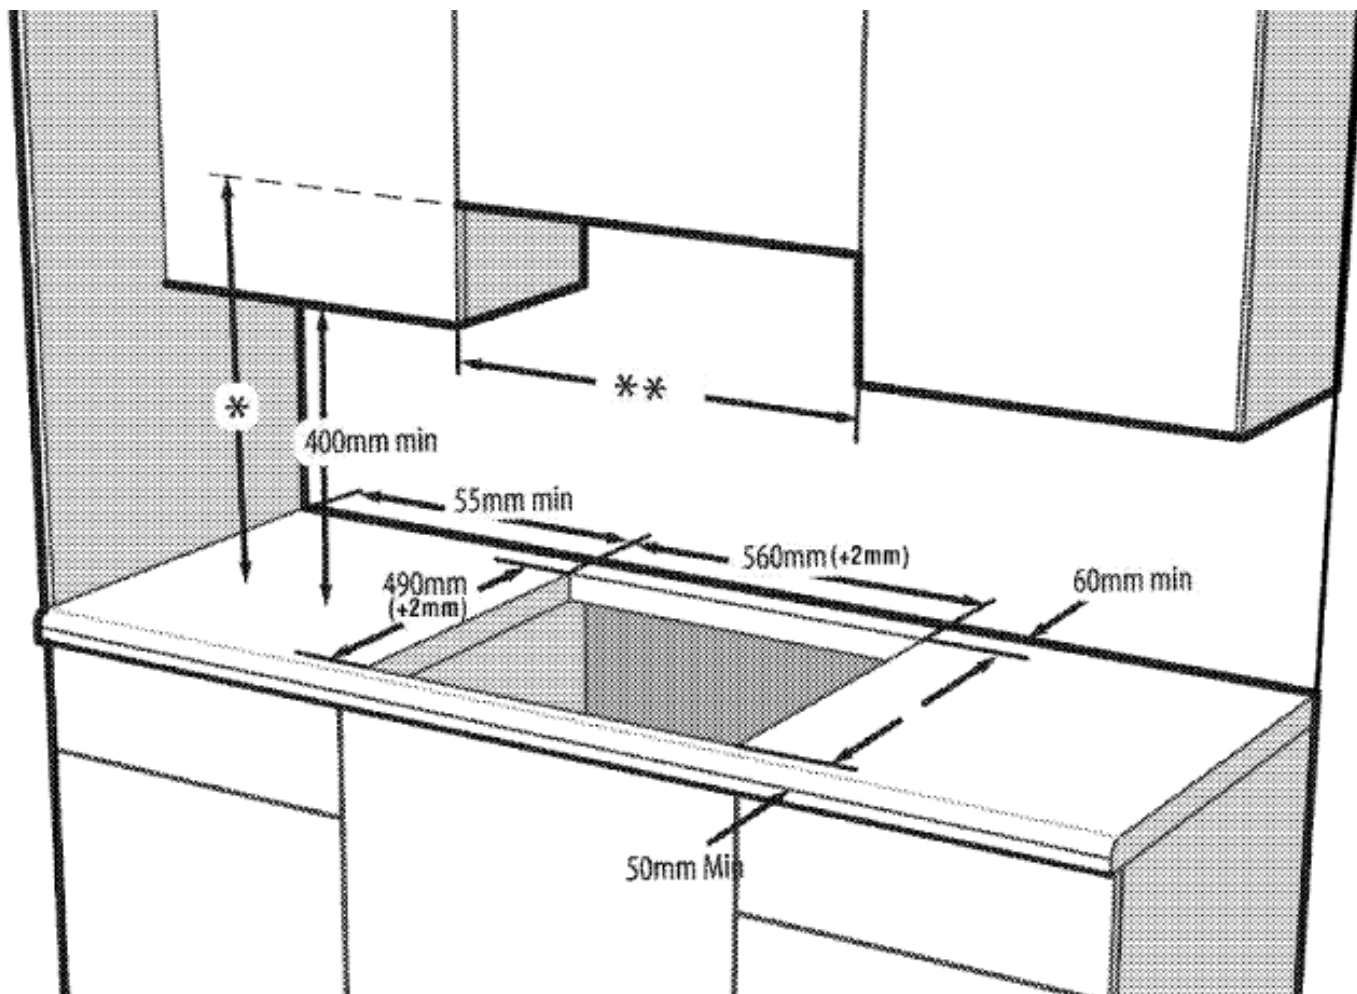

#### Restvarmeindikator

For at prioritere sikkerhed over alt andet vil restvarmeindikatoren vise et synligt "h" for at advare dig, hvis en kogeoverflade ikke er afkølet til en sikker temperatur.

#### Børnesikring

Som en ekstra sikkerhedsordning vil børnesikringen midlertidigt låse kontrolpanelet for at forhindre børn i at justere kogepladens indstillinger.

| GENERAL                   |                                      |
